

Something to try back at home!

Mini Museum

- ❖ **Everyone chooses** one or two objects of their own which are special to them.
- ❖ **Arrange** the objects carefully somewhere where you can all see them.
- ❖ **Take it in turns** to show your objects. Describe each one. Explain where it came from and, most importantly, why it is special to you. Be ready to answer questions if there are any!
- ❖ **Take a photograph** of your **Mini Museum** so that you can remember it. You could even give your **Mini Museum** a name and make labels for the objects if you wanted to.

10 Things To Try while you're here

You can do them in any order!

Dress up in jockeys' silks and ride the simulator.

Match the bones on the touch screen then look at the x-rays.

Find the paw prints on the Atrium wall. You will have to look up!

Can you find four Treasure Windows? You will have to look down!

Can you breed a champion? Have a go at our computer activity.

Lift the models to compare the weight of human and horse hearts. You can lift the brains too!

Find our shiny trophies. Describe one for someone to guess.

Find Pot8os.

Choose a puzzle to complete in the gallery.

Watch the film on the big screen.
